

# 70cm Moxon Beam Antenna

## For 70cm Band

Can use a  
Wire Terminal  
Connector at  
Feed Point

### Tips:

- Can use a coat hanger and bend to shape.
- Regarding the Gap, use plastic tubing to join the two pieces together.
- Can use Plastic Wire Terminal Connector at feed Point.
- To Mount Antenna, can use Polly Pipe, Screw Plastic Wire Terminal into Polly Pipe.. Use your Ham Radio Knowledge.

**Tuning:**  
Experiment!
